

Sandia Cooler: Invitation to “Industry Day”

Please join us for a first-hand look at the Sandia Cooler technology*. This is also a unique opportunity to collectively explore commercialization opportunities and synergies. Expected participants include representatives from industry-leading manufacturers who are looking for breakthrough air-cooling technologies in a variety of application areas.

** For those of you who are new to the Sandia Cooler, this fundamental breakthrough in cooling technology has garnered widespread media coverage including both the print and online editions of the Wall Street Journal, CNET and other prominent publications. More information is available at https://ip.sandia.gov/offer_view.php?offer_id=1035.*

WHEN: November 17, 2011 1:00pm~5:00pm

Followed by an informal off-site networking at a local venue

LOCATION: Sandia National Laboratories – Livermore, CA site

[Further instructions will be sent upon RSVP]

Important note: For those planning to attend (even tentatively), we cordially request an RSVP ASAP to eynoma@sandia.gov. Unfortunately, we are not able to accommodate people “at the door” who have not pre-registered. Please provide an e-mail address where further information can be sent.

WHO SHOULD ATTEND:

- Potential licensees and commercialization partners
- Companies needing breakthrough cooling solutions for a variety of applications
- Companies interested in technical collaborations
- Potential investors

Please forward this invitation to colleagues and business partners (suppliers, customers etc.)

TENTATIVE AGENDA:

- Introductions
- Sandia Cooler technology
 - Presentation, demonstration of prototype system, technical Q&A
 - Group/panel discussion on potential applications
- Opportunities to commercialize the Sandia Cooler
 - Working with Sandia – tech transfer, licensing, collaboration etc.
- Informal discussions and networking
 - Meet Sandia technical and business staff, including limited opportunities for 1-on-1 conversations as needed**
 - Network with other attendees to explore commercialization synergies
- Unofficial offsite networking continues at a local venue

*** If you are requesting a 1-on-1 conversation with Sandia staff, please let us know in advance and indicate whether the content is primarily of a technical or business nature.*

Reminder: An RSVP to eynoma@sandia.gov is requested ASAP with an e-mail address where further information can be sent.
